**Abstract:** In this article, in linguistics, in particular, in terminology, the lexical-semantic features of "music" and related art terms in French and Uzbek languages are highlighted based on "frame" analysis.

**Key words:** linguistics, terminology, music, "frame" analysis, *musique*.

## I. Introduction

In recent years, special attention has been paid to the field of art in our country, in particular, to the development of the art of music and to the expansion of inter-country cultural relations in this regard. The fact that the festivals of "Sharq Taronalari" (Samarkand), "Silk and Spices" (Bukhara), "Maqom Challenge" (Shakhrisabz) are regularly organized in our country is due to the importance of art, especially music, in international cultural relations. requires consistent study of terms.

## II. Literature review

It should be noted that in recent years, the scope of research devoted to cross-analysis in the field of terminology of modern linguistics, especially in the area of unrelated languages, is increasing. In particular, it can be said that the analysis of the "frame" of the term "music" ("musique") in French and Uzbek is one of such researches.

12. danser aux sons de la musique (verb+article(à+les)+noun+ preposition + article +noun).

**III. Analysis**

The main lexical-semantic features of the *la musique* frame analyzed here are divided into two groups, and the terms included in the first group are called *periphery-1* and divided into twelve linguistic units. From the lexical analysis of these terms, active participation of articles and prepositions along with nouns, verbs, adjectives and adjectives is observed in their formation.

**periphery -2 (périphérie-2)**

1. musique vocale (noun+adjective); 2. musique instrumentale (noun+noun+ adjective formative suffix); 3. musique de chambre (noun+ preposition +noun); 4. musique de danse (noun+ preposition +noun); 5. musique de ballet (noun+ preposition +noun); 6. musique de film (noun+ preposition +noun); 7. musique de cirque (noun+ preposition +noun); 8. musique de jazz (noun+ preposition +noun); 9. musique de variétés (noun+ preposition +noun); 10. musique classique (noun+adjective); 11. grande musique (adjective +noun); 12. musique militaire (noun+adjective); 13. musique d'un régiment (noun+ preposition +article+noun); 14. école de musique (noun+ preposition +noun); 15. dîner en musique (noun+pronoun+noun); 16. travailler en musique (verb+pronoun+noun); 17. marchant de musique (noun+ preposition +noun); 18. connaître la musique (verb+preposition+noun); 19. la musique des oiseaux (article+noun+article(de+les)+noun); 20. la musique des cigales (article+noun+article(de+les)+noun); 21. son musical (noun+adjective); 22. notation musicale (noun+adjective); 23. soirée musicale (noun+adjective); 24. comédie musicale (noun+adjective); 25. une voix très musicale (article+noun+burden+ adjective); 26. music-hall (noun+noun); 27. chanteuse de music-hall (noun+preposition+noun+noun); 28. musicien de jazz (noun+preposition+noun); 29. aimer la musique (verb+article+noun); 30. conservatoire de musique (verb+preposition+noun); 31. C'est toujours la même musique. (demonstrative pronoun +verb+adverb+article+pronoun+noun); 32. la musicalité d'une chaîne stéréo (article+noun+ adjective formative suffix+noun formative suffix+preposition+article+noun+adjective); 33. la musique d'un poème (article+noun+preposition+article+noun); 34. manifestation musicale (noun+adjective); 35. musmasse instrumentale (noun+adjective); 36. musmasse orchestrale (noun+adjective); 37.

musmassecho vocale (noun+adjective); 38. matinée musicale (noun+adjective); 39. être musicien, ne (verb+noun); 40. la saison musicale (article+ noun+adjective); *J'en ai marre de tout cela.* (personal pronoun+preposition+auxiliary verb+verb+preposition+demonstrative pronoun+ demonstrative pronoun); 42. *J'en ai soupé.* (personal pronoun + preposition + auxiliary verb+verb); 43. mourir d'accord en musique (verb+ preposition+noun+preposition+noun); 44. mourir, mais en musique (verb+conjunction+ preposition +noun).

In this place, it can be seen that the terms included in the second group, which mainly reflects the additional linguistic signs of the *la musique* frame, were called *periphery-2* and it was analyzed based on forty-four phrases, word combinations and phrases.

#### IV. Discussion

It is worth mentioning that in the creation of language units included in the second periphery, it is clear that the French language, from the point of view of the criteria of word formation, uses nouns, adjectives, verbs, adverbs, pronouns, and articles, prepositions, and adjectives. Also, in the expression of the frame of *la musique*, word combinations with a portable meaning occupy the main place.

### III. Conclusion

Based on the analysis of the "frame" of the terms "la musique" and "music", the following conclusions can be drawn:

1. In the translation of art terms in Uzbek and French languages related to "music", they create a mutual alternative based on the similarity between both nations and some language units do not have an exact equivalent in French, so their translation can be translated while preserving their national language characteristics. it can be concluded that.

2. It is also based on the fact that the grammatical, lexical and phraseological features of art terms in different systematic languages are the classification factors of the constituents of the semantic, structural and functional field, and the fact that these factors are the driving force behind the use of secondary (peripheral) elements that unite around the dominant component (core) is of great importance.

3. In this place, it is possible to observe that the lexical fund of the Uzbek language is rich and unique, as well as that the terms related to the two related languages are represented by words, phrases and sentences.
